## ❖ LEADERSHIP & COMMUNITY SERVICE

### **WOMEN IN STEM, President**

**June 2016 – August 2017**

Elected as the President of the Women in STEM Club, which encourages and empowers women, particularly women of color, to excel in STEM fields. Led weekly meetings, organized events & workshops, and worked with industry leaders to increase opportunities, visibility, and success of women in STEM fields.

### **QUEER-STRAIGHT ALLIANCE, Co-Chair**

**Sept. 2016 – June 2017**

Supported and empowered LGBTQ students at South. Increased awareness and educate community about homophobia, gender identity, and transphobia in order to create a safe and respectful learning environment.

### **MATH AND LEARNING LAB, Tutor**

**April 2016 – June 2017**

Assisted students in developmental math classes with their coursework. Worked between 4 – 12 hours per week to provide assistance, encouragement, and support to students taking math classes.

### **INTERNET OF THINGS, Undergraduate Research Student**

**September 2016 – December 2016**

Conducted research for *The Internet of Things* project. Responsible for deploying Raspberry Pi microcomputers with Wi-Fi antennas, gathering data about wireless radio signals, and analyzing data to create a model of wireless traffic.

### **POW! (Proud Out and Wonderful!), Volunteer**

**Aug. 2016 – April 2017**

Worked with teenagers who identify as LGBT+ in my community who need support. Created a safe space for queer teens to build positive relationships and self-esteem.

### **RAIN CITY ROCK CAMP FOR GIRLS, Volunteer & Mentor**

**Summer 2016**

Supported female-identified and gender-fluid teenagers as they created, performed, and recorded original music. Teens, ages 14 – 19, came for a week-long intensive study of performance, songwriting, and empowerment workshops.

## ❖ WORK EXPERIENCE

### **EARWIG STUDIO, House Engineer**

**October 2014 – September 2017**

Facilitated recording and mixing sessions for local artists. Assisted the Chief Engineer with full-length albums in session setup, recording, and editing.

### **INDIGITAL STUDIOS, Studio Manager/Assistant Engineer**

**January 2014 – September 2014**

Assisted in recording sessions, completed editing and mixing of songs and albums. Managed bookings and assisted with mixing and mastering sessions. Helped manage studio personnel (including engineers, staff, and interns).

### **CREATIVE JUICES INC., Area/District Manager**

**June 2010 – August 2014**

Responsible for overseeing multi-store area to enhance operational excellence within diverse environments. Was highly attuned to employees' potential for growth and assisted them in attaining their goals.
